

# Beat some of the most notoriously difficult golf holes with the Garmin Approach S6

The Garmin Approach S6 features full-colour course views for over 39,000 golf courses internationally. We've chosen four of the most notoriously difficult golf holes in the world to demonstrate how Garmin's GPS and Touch Targeting technology can help you conquer the course.

## 18th hole

at the Carnoustie Golf Links  
Championship Course, Scotland

The CourseView feature lays out the tricky fairway bunkers and the Barry Burn river which crosses the green.

## 19th hole

at the Legend Golf and Safari Resort, South Africa

The SwingStrength™ features will ensure you've got enough power to cover the 400m on the longest par 3 in the world.

## 14th hole

at the Coeur d'Alene Resort Golf Course in Idaho, USA

Use the Touch Targeting feature to get the precise distance to the world famous floating island green.

## 6th hole

at the Royal Melbourne Golf Club  
(West Course), Australia

The PinPointer feature will help you navigate the dangerous clusters of deep bunkers and sharply sloping green.
